

20 March 2020

Dear Parent / Carer

Arrangements for students in Years 7–10

I feel so very sad writing to you in the current situation. I did not expect that I would ever have to write a letter such as this.

Today we are sending children home with learning packs. If children are not in school, the packs are being delivered.

We have developed these learning packs to complement what students have previously learnt in lessons and to support their continued study and progression. The enclosed pack should take your child to the Easter break. I will be in contact again after the break with information about how we will move forward.

Please get your child into a good routine for home study. This includes going to bed and getting up at normal times. When your child is studying, TV / social media should be off. You may want to design a timetable for your child, stating what subjects they should be doing each day.

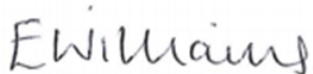

School is providing a service for key workers to support with child care at this difficult time.

Safeguarding remains a school priority. If you have concerns about your child or are aware of other children that may be at risk, you can contact me at school. Alternatively, you can contact Wirral Social Care on 0151 606 2008.

If your child qualifies for free school meals, we will be sending out Tesco vouchers on Monday or Tuesday.

Keep safe and well.

Yours faithfully

Ms E Williams
Deputy Headteacher
