Dear Parent / Carer

I hope that you and your family are keeping well. Enclosed is the next stage of home learning. This selection of work should last your child about three weeks.

There have been some additional government-backed initiatives regarding home learning, including a major BBC initiative called Bitesize Daily which began on Monday. You can access lots of support with home learning via a hub page on our website:

We await news from the government, expected on or around Thursday 7 May, regarding the estimated time for the lockdown and whether we will be given a timeline for our return. As soon as I have any definite news, I will be in touch about how we manage this with you and your child.

In this time of uncertainty, we would like to continue our communication with students and families. Please feel free to contact the school office to share any updates:

If you are concerned about your child and require well-being support, Health Services in Schools continue to offer support to students. Further information and contact details can be found on the school website:

If you require any further information, please do not hesitate to contact me.

Keep safe and well.

Yours faithfully

**Ms E Williams**  
**Deputy Headteacher**
